**RE: Fish Consumption Rate Rulemaking  
Extension Request**

Dear Ms. Wilson:

On behalf of Clearwater Paper, I would like to request an extension until November 21, 2014 for submitting comments on the materials presented at the October 2, 2014 meeting of the water quality fish consumption rate rulemaking.

Several topics were discussed in this meeting including heritage fish consumption rates for Idaho tribes, suppression of fish consumption by Idaho residents due to actual or perceived fish contamination and how fish consumption advisories may affect availability of fish for Idaho residents to consume.

Given the complexity of these topics, we believe extra time is needed to gather information and provide meaningful feedback to the department. We appreciate the opportunity to comment on this important rule making and your consideration of this extension request.

Please contact me at 509-344-5956 or [marv.lewallen@clearwaterpaper.com](mailto:marv.lewallen@clearwaterpaper.com) with questions.

Sincerely yours,

A handwritten signature in blue ink that reads "Marv A. Lewallen".

Marv Lewallen  
Vice President – Environmental, Energy & Sustainability
