RE: Environmental Determination for the Hidden Estates Water Association Drinking
Water Improvement Project (DWG 100-2009-7)

Dear Mr. Reinke:

A draft Finding of No Significant Impact (FONSI) was issued by the Department of Environmental Quality (DEQ) on December 21, 2011 for the Hidden Estates Water Association drinking water improvement project based on a careful review of the Environmental Information Document prepared by Keller Associates, Inc.

The draft FONSI was published on January 5, 2012 in the *Standard Journal*, newspaper of greatest distribution for the Hidden Estates Association. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the Hidden Estates Association drinking water improvement project, a FONSI, is final.

This completes the environmental review of this project. Please contact Willie Teuscher at the DEQ Idaho Falls Regional Office, 208-528-2666, if you have questions regarding the project.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
