

Wide Hollow Project

**Sponsored By Oneida SWCD
John Wittman (Chairman)**

Wide Hollow Watershed Map...

Past Projects....

- Wrights Creek Stream bank Restoration
 - This project concluded in 2008
 - Installed 2257 Feet of Fence
 - Excluded 4.5 Acres
 - Reduction of 8,823 Tons of Sediment
 - 52 Foot Average Riparian Buffer along Wrights Creek
 - Both sides of the stream were fenced to reduce livestock impacts

Past Projects Continued...

- Daniels Non Point Sediment Reduction Project
- (Ongoing) Currently in its 3rd year
 - 12 Troughs
 - 180 Cubic yards of Heavy use Protection
 - 27,000 Feet of Pipeline Stock water conveyance
 - 2 Spring Developments
 - 2,900 Feet of Fence
 - 10,959 Feet of Terrace
 - 49 Water and Sediment Basins
 - 386 Acres of Pasture Planting

Stream exclusion...

Wide Hollow Project Goals...

- **Install Water and Sediment Basins on Dry Crop Land**
- **120 Water & Sediment Basins**
- **17,400 Feet of Terraces**
- **12,300 Feet of Pipe for Stock water Conveyance**
- **2 Solar Pumping Systems**
- **16,700 Feet of Barbed Wire Fence**
- **100 Feet of Corral Fence**
- **12 Water Troughs**
- **140 Cubic Yards of Heavy Use Protection**
- **200 Cubic Yards of Corral Berm**
- **1 Spring Development**
- **1 Water Well**
- **10,000 Gallon Storage Tank**

Riparian Exclusion...

Wide Hollow Project Budget

- **Administrative:**
 - 319-19,031
 - Match-4,500
 - Total-23,531
- **Sub contractual:**
 - 319-218,401
 - Match- 158,641
 - Total- 377,043
- **Travel:**
 - 319-7,946
 - Match-2,249
 - Total-10,195
- **Supplies, operating and equipment:**
 - 319-4,370
 - Match-2,913
 - Total-2,784

Sediment Basins will be installed to reduce sheet and rill erosion...
