RE: FINAL Environmental Determination for the City of Dayton's  
Drinking Water Project (DWG 5-61)

Dear Mayor Christensen:

A draft Finding of No Significant Impact (FONSI) was issued by the Department of Environmental Quality (DEQ) on October 17, 2012 for the City of Dayton's drinking water project based on a careful review of the Environmental Information Document prepared by Forsgren Associates.

The draft FONSI was published on October 24, 2012 in the *Preston Citizen*, newspaper of greatest distribution for the City of Dayton. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the City of Dayton's drinking water project, a FONSI, is final.

This completes the environmental review of this project. In the absence of comments or significant concerns, DEQ will not close out the drinking water planning grant.

Please contact Craig Borrenpohl at the DEQ Coeur d'Alene Regional Office, 208-239-5016, if you have any questions regarding the project.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell  
Water Quality Division Administrator
